

A pixel pet that lives inside Claude Code. It's also secretly a whole game. Feed it, watch it evolve, then take it into **Clawland**, a top-down brawler where a tiny crab eats its way to the top of the island. Zero-dependency, free & open source. **Multiplayer coming soon.**

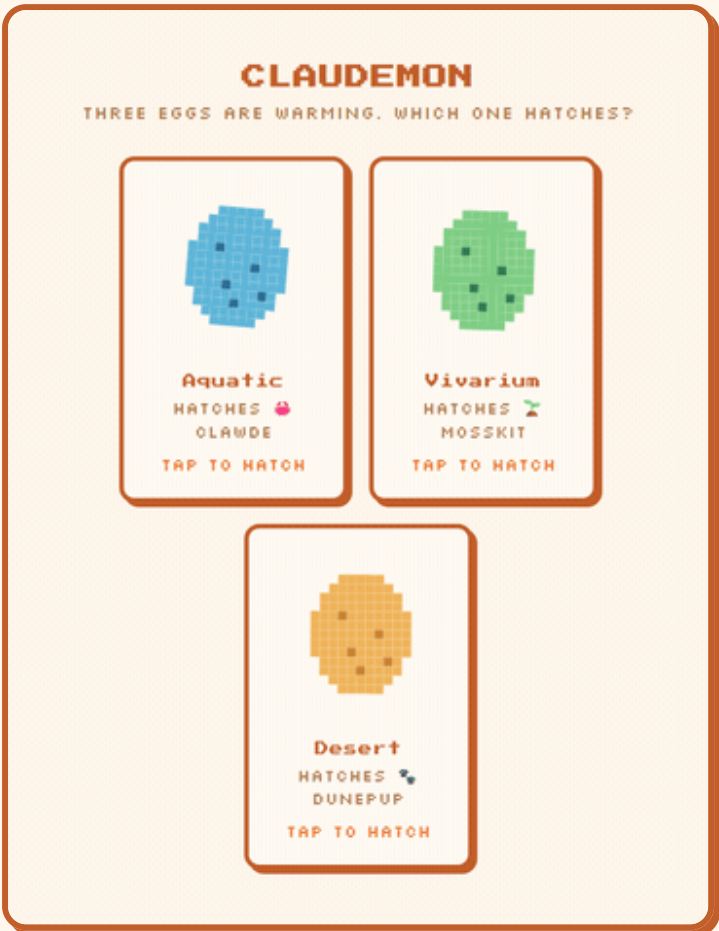

Pick an egg, it cracks, and your starter hatches into your first coding pal.

1 CHOOSE YOUR EGG

Three biome eggs — Aquatic (Clawde), Vivarium (Mosskit), Desert (Dunepup).

The first-run egg-select screen, live.

2 MEET YOUR STARTER

"It's Clawde!" Your starter ClaudeMon, and your very first agent.

CLAWDE · AQUATIC · MOSSKIT · VIVARIUM · DUNEPUP · DESERT

3 CLAWLAND — THE GAME

Grow, fight, and capture nodes to found your clan and hold territory.

Unlocking a new ClaudeMon mid-run.
